

First Floor Flat

Ensuite to Master Bedroom

Large Living Room

3 Bedrooms

State of the Art Kitchen

Dining Room

11 Marlborough Buildings Bath, BA12LX

£415,000

This property provides an incredible opportunity to purchase a fabulous flat in this highly sought after street overlooking the Royal Crescent and it's gardens. This wonderful flat has been modernised by an award winning architect and this property makes amazing use of the site topography to maximise the stunning views across the city. The floor-to-ceiling windows allow all the main rooms to take advantage of the outlook, while the open stairwell and gallery provide a dramatic sense of space and light to the interiors. Floor to ceiling windows lead from the main living area to a large balcony. Providing an intimate connection between inside and outside, a viewing is essential to appreciate this spectacular property.

Use this document to:

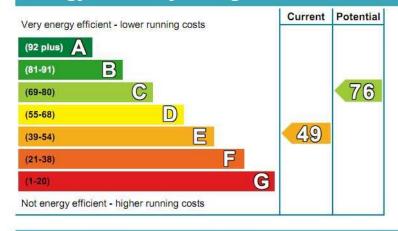

- Compare current ratings of properties to see which properties are more energy efficient
- Find out how you can save energy and money by installing improvement measures

| Estimated energy costs of dwelling for 3 years | £5,367 |
|--|--------|
| Over 3 years you could save | £2,865 |

Estimated energy costs of this home **Current costs** Potential costs Potential future savings Lighting £375 over 3 years £207 over 3 years Heating £4,443 over 3 years £2,073 over 3 years You could Hot water £549 over 3 years £222 over 3 years save £2,865 Totals: £5,367 £2,502 over 3 years

These figures show how much the average household would spend in this property for heating, lighting and hot water. This excludes energy use for running appliances like TVs, computers and cookers, and any electricity generated by microgeneration.

Energy Efficiency Rating

The graph shows the current energy efficiency of your home.

The higher the rating the lower your fuel bills are likely to be.

The potential rating shows the effect of undertaking the recommendations on page 3.

The average energy efficiency rating for a dwelling in England and Wales is band D (rating 60).

Top actions you can take to save money and make your home more efficient

| Recommended measures | Indicative cost | Typical savings over 3 years | Available with Green Deal |
|--------------------------------------|-----------------|------------------------------|------------------------------|
| 1 Increase loft insulation to 270 mm | £100 - £350 | £141 | Ø |
